

APPENDIX A

State of Indiana Office of Medicaid Policy and Planning Hoosier Healthwise Quality Strategy Hoosier Healthwise Eligibility Summary

The following categorical groups, which are subject to income and asset limitations, receive the full scope of Medicaid benefits:

- TANF (Temporary Assistance for Needy Families), which includes caretakers and children less than 18 years receiving TANF
- Pregnant women who do not receive TANF. The full scope of benefits are available to women who meet strict income and resource criteria, and pregnancy-related coverage is provided to women whose income is below 150 percent of poverty.
- Children whose families do not receive TANF but who are under age 21 and meet the eligibility requirements
- Children who are wards of local offices of the Division of Family and Children
- Children in families whose income exceeds TANF requirements, but which are at or below one hundred fifty percent (150 percent) of the Federal poverty level (CHIP Phase I).

CHIP benefits are available to children in families whose income is between one hundred fifty percent (150 percent) and two hundred percent (200 percent) of the Federal poverty level (CHIP Phase II).

Enrollment is mandatory for all Hoosier Healthwise Managed Care Program eligibles, except wards and fosters. The categories specified below are excluded from the Hoosier Healthwise Managed Care Program:

- Traditional Medicaid enrollees
- Care Select and Medicaid Select enrollees
- Institutionalized children and adults
- Enrolled members of federally-recognized American Indian tribes
- Nursing home residents
- Undocumented persons
- Persons on a Home and Community based waiver
 - Aged and Disabled Waiver
 - Autism Waiver
 - Developmental Disability Waiver
 - Medically Fragile Children's Waiver
 - Traumatic Brain Injury Waiver
